SUICIDE
is a main cause
of death among
adolescents

Less than 25% of
countries allow
adolescents to
access **HEALTH
SERVICES**
based on
maturity without
parental consent

Too many
children
are not
VACCINATED

1 in 4 women
drink
ALCOHOL
during pregnancy

Less than 5%
of children with
multidrug-
resistant
TUBERCULOSIS
are diagnosed
and treated

18-98%
of school
children
have
TOOTH DECAY

Children with
**DEVELOPMENTAL
DIFFICULTIES**
are identified too late

**Children are
HOSPITALIZED**
up to 20 times
more in some
countries
than others

Only 1 in 4
babies are
exclusively
BREASTFED
for 6
months

Many **BABY FOODS**
have high levels of
sugar but are still
marketed as
suitable for
babies

More than 3000
children are
killed on
ROADS
each year
