# Overview of replies

# Conclusions & Main findings

- Universal agreement on usefulness of HLF
- 27/43 (63%) would like HLF to continue 1 to 2 times a year
- 10/43 (23%) would like HLF to continue as and when needed and after endorsement of RC/SCRC
- 6/43 (14%) would not like the HLF to continue as it had served its purpose.

# RC is being asked to decide to

- Discontinue the HLF (as it has served its purpose)
- Keep HLF as a regular feature one or two times a year (to discuss strategically important issues with well prepared agenda)
- Keep HLF as an option as and when needed (and after consultation with SCRC/RC)

# Many Thanks!
