

EUROPE

Regional Committee for Europe Sixtieth session

Moscow, 13–16 September 2010

Provisional agenda item 7(e)

EUR/RC60/7 Rev.1 Add.3
1 September 2010
102187
ORIGINAL: ENGLISH

Membership of WHO bodies and committees

World Health Assembly resolution 63.28 recommended the establishment of the Consultative Expert Working Group (CEWG) on Research and Development: Financing and Coordination (WHA 63.28 is attached as Annex 1).

By note verbale of 30 June 2010, the Director-General invited Member States to submit nominations to the CEWG to the respective Regional Director. The deadline for receipt of nominations was subsequently extended to 30 August 2010, as advised in the Regional Director's letter of 23 August 2010. This document contains the curricula vitae of candidates nominated by the Governments of Armenia, Denmark, Finland, France, Germany, Israel, Montenegro, Norway, Portugal, Republic of Moldova, Spain and Switzerland. Additional material, where supplied by candidates, is available from the Secretariat.

The Regional Committee is therefore requested to consider the nominations received and make a recommendation of those candidates to be forwarded to the Director General.

As a first step, all the nominations recommended by the Regional Committee will be included in a global roster.

Drawing on this roster, the Director-General will then propose the composition of the CEWG to the 128th session of the Executive Board in January 2011. Following approval by the Executive Board of the members of the CEWG, the Director-General will propose the holding of the first meeting of the CEWG, which is expected to be held in the first quarter of 2011.

Terms of reference of the CEWG

The CEWG will:

- (a) take forward the work of the Expert Working Group which submitted its final report to the WHA in 2009;
- (b) undertake further analysis of the proposals in the Expert Working Group's report, and in particular:
 - (i) examine the practical details of the four innovative sources of financing proposed in the report of the Expert Working Group;
 - (ii) review the five promising proposals identified in the report of the Expert Working Group; and
 - (iii) further explore the six proposals that did not meet the criteria applied by the Expert Working Group;
- (c) consider additional submissions and proposals from Member States, including those arising out of any regional and subregional consultations, and from other stakeholders;
- (d) in carrying out the actions in subparagraphs (b) and (c), examine the appropriateness of various research and development financing approaches and the feasibility of implementing these approaches in each of the six WHO regions, with subregional analysis, as appropriate;
- (e) observe scientific integrity and avoid conflicts of interest in its work;

Composition

The recommendation to the Executive Board on the composition of the CEWG will be based on regional representation according to the composition of the Executive Board, gender balance and diversity of experience.

Nominations

The following nominations were received at the Regional Office by 30 August 2010 and curricula vitae in standard format are contained in the following pages:

Armenia (Dr Ara Ter-Grigoryan)
Denmark (Professor Flemming Konradsen)
Finland (Dr Meri Tuulikki Koivusalo)
France (Dr Jean Edmond Deregnaucourt)
Germany (Ms Ursula Schaefer-Preuss)
Israel (Dr Benny Leshem)
Montenegro (Ms Ruzica Milutinovic)
Norway (Dr John-Arne Røttingen)
Portugal (Dr Isabel Carvalho-Oliveira)
Republic of Moldova (Professor Aurel Grossu)
Spain (Dr Anto Boqué)
(Dr Rodriguez Artalejo)
Switzerland (Dr Paul Linus Herrling).

NOMINATION FOR MEMBERSHIP OF THE CONSULTATIVE EXPERT WORKING GROUP
ON RESEARCH AND DEVELOPMENT: FINANCING AND COORDINATION

CURRICULUM VITAE

Member State making nomination: ARMENIA

Family name	<u>TER-GRIGORYAN</u>	First/Other names	<u>Ara</u>
Male/Female	<u>Male</u>	Date of birth	<u>6 March 1953</u>

Contact address (include mobile number and e-mail):

G. Hoysepyan St. 10,. Yerevan. 0047, Republic of Armenia.
State Health (Financing) Agency of the Ministry of Health of the Republic of Armenia.
Mobile: 0037499007006; e-mail: Ara@pag.am

Field(s) of expertise:

Health policy, health planning and administration, health financing and management, health reform

Professional education: relevant important qualifications *Year*

Yerevan State Medical University, Internal Medicine Department
PhD (Medical Sciences) Moscow First Medical Academy named after E.M. Sechenov.
Moscow, Russian Federation
Postgraduate courses, study tours, scientific research seminars on health policy, health
planning and administration. health financing and management. health care system reforms

Professional career: list current post first, followed by up to four most important positions held *Year* (start/end)

Head of the State Health (Financing) Agency of the Ministry of Health
Member of the National Health Accounts Steering Committee appointed by the Prime Minister,
Coordinator of the Working Group on National Health Accounts
National Counterpart on Health Financing component in Biennial Collaborative Agreements(BCA)
Member of the Specialized Scientific Council on Public health and health organization of the Supreme
Certification Commission of Armenia

Contributions: Significant contribution to the field of research and development: financing and coordination

Research on principles and mechanisms of health care system organization, administration and
financing and their integration under market conditions.
Research and implementation related to the Basic Benefits Package design and implementation,
resource allocation, new provider payment mechanisms in health system (case-based and per capita
financing, global budget in contracting, performance-based financing), health service purchasing and
contracting. restructuring of health-care delivery systems and health-care systems.
Research on national health accounts and sub-accounts in Armenia.
Research on introducing co-payments in Armenia

Publications: List five significant publications relevant to biomedical research and development: financing and coordination

Role of health economics in the financial-economic management of the health care system
National Health Accounts (NHA) to Improve Health Policy in Armenia
Models and Mechanisms of Economic Relations between the Customer and Provider of Medical Care
Application of modern models of health care organization and financing in the Republic of Armenia
The role of independent financing body in the management of financial flows in health care system

NOMINATION FOR MEMBERSHIP OF THE CONSULTATIVE EXPERT WORKING GROUP
ON RESEARCH AND DEVELOPMENT: FINANCING AND COORDINATION

CURRICULUM VITAE

Member State making nomination: DENMARK

Family name	KONRADSEN	First/Other names	Flemming
Male/Female	Male	Date of birth	5 February 1965

Contact address (include mobile number and e-mail):

School of Global Health, Øster Farimagsgade 5, bygning 9, PO. BOX 2099, 1014
Copenhagen K
Telephone +45 60 10 16 61
E-mail: flko@sund.ku.dk

Field(s) of expertise:

Public health and environmental health in low-income countries

Professional education: relevant important qualifications *Year*

BSc; Cand. Scient.; PhD with a focus on environmental health and public health in low-income countries

Professional career: list current post first, followed by up to four most important positions held *Year (start/end)*

Department of International Health, Immunology and Microbiology, University of Copenhagen, Denmark	Jan 2008 to present
--	---------------------

Professor, International Environmental Health focusing on research and training on vector borne diseases, water supply and sanitation, toxicology and health and climate change in low and middle income countries.

Rollings School of Public Health, Emory University, Atlanta, USA	Aug 2007 to present
--	---------------------

Fellow providing input to the curricula in environmental health, research project management and research methods through supervision of students and courses. Facilitates links between University of Copenhagen and Emory University in the field of global health

Department of International Health, Immunology and Microbiology, University of Copenhagen, Denmark	Jan 2007 to present
--	---------------------

Deputy Head of Department and Study Director for the Masters of International Health programme. Member, Scientific Advisory Board, Integrated Programme for Malaria Control in sub-Saharan Africa

Consultative Group for International Agricultural Research/International Water Management Institute, Sri Lanka	Jun 2004– Jul 2005
--	-----------------------

Senior international health expert on secondment from the Danish government to assist with the analysis, project completion and handing over of environmental health research projects in Sri Lanka, Vietnam, India and Ghana. Due to the Tsunami in Asia, time was also allocated for relief efforts in December 2005

DENMARK – Konradsen cont'd

Institute of Public Health, University of Copenhagen, Denmark Oct 2000–
Associate Professor; from January 2006 Head, Section of International Health; from 2002 Dec 2007
member of the governing board for the Institute of Public Health. Research focuses on
environmental health issues of relevance to low- and middle-income countries. In
addition to research tasks, responsible for development of the general curriculum in
International Health and related courses for the students of Public Health Sciences.
Further responsibility for teaching and planning of the modules related to water supply
and sanitation, disease vector control and exercises in epidemiology at the Masters of
International Health Programme. Thesis supervisor of students in Medicine, Public Health
Sciences and Masters of International Health. Provided teaching input to courses in
relation to water supply, sanitation, hygiene promotion and malaria control at a number of
Danish and European universities.

Contributions: Significant contribution to the field of research and development: financing and coordination
Substantial research in public health, especially in the areas of environmental health; water supply and
sanitation; hygiene promotion; acute pesticide poisoning; control of vector-borne diseases;
agriculture and human health; health and water resources management, and malaria.
Contribution to establishment of School of Global Health in Denmark

Publications: List five significant publications relevant to biomedical research and development: financing and
coordination

Pesticide self-poisoning: thinking outside the box. Konradsen et al., Lancet, 2007

Engineering and malaria control: learning from the past 100 years. Konradsen et al., Acta Tropica, 2004

Reducing acute poisoning in developing countries – options for restricting the availability of pesticides. Konradsen et al., Toxicology, 2003

Cost of malaria control in Sri Lanka. Konradsen et al., WHO Bulletin, 1999

Measuring the economic cost of malaria to households in Sri Lanka. Konradsen et al., American Journal of Tropical Medicine and Hygiene, 1997

NOMINATION FOR MEMBERSHIP OF THE CONSULTATIVE EXPERT WORKING GROUP
ON RESEARCH AND DEVELOPMENT: FINANCING AND COORDINATION

CURRICULUM VITAE

Member State making nomination: FINLAND

Family name	KOIVUSALO	First/Other names	Meri Tuulikki
Male/Female	Female	Date of birth	5 January 1964

Contact address (include mobile number and e-mail):

National Institute for Health and Welfare, PO Box 30, 00271 Helsinki, Finland
Phone: +358405091565; email: meri.koivusalo@thl.fi or merikoivusalo@yahoo.co.uk

Field(s) of expertise:

International health policy, health systems organization and financing, global health

Professional education: relevant important qualifications Year

MD (University of Helsinki), MSc (London School of Hygiene and Tropical Medicine), PhD
(University of Helsinki)

Professional career: list current post first, followed by up to four most important positions held Year (start/end)

Senior Researcher, National Institute for Health and Welfare

Advisory work for Ministry of Social Affairs and Health and Ministry of Foreign Affairs on health, health policy and global health issues

Member of WHO scientific resource group on trade and health

One of three editors of the journal *Global Social Policy* 2005–2010

One of six expert evaluators of the European Commission's International Cooperation with Developing Countries (INCO-DC) programme on health systems

Contributions: Significant contribution to the field of research and development: financing and coordination

Advisor to and member of the Finnish delegation to Intergovernmental Working Group (IGWG) negotiations in 2006 and responsible for making the initial European Union background paper on issues and stands

Expert in negotiations concerning the IGWG – Global Plan and Strategy for Action on Public Health, Innovation and Intellectual Property Rights

Academic contribution as part of an international project funded by the United Kingdom Economic and Social Research Council (ESRC) on nongovernmental action to improve the access of the poor to good-quality low-cost drugs, working papers currently available at http://www.open.ac.uk/ikd/projects_lowcostdrugs.shtml

Publications: List five significant publications relevant to biomedical research and development: financing and coordination

NOMINATION FOR MEMBERSHIP OF THE CONSULTATIVE EXPERT WORKING GROUP
ON RESEARCH AND DEVELOPMENT: FINANCING AND COORDINATION

CURRICULUM VITAE

Member State making nomination: FRANCE

Family name	DEREGNAUCOURT	First/Other names	Jean, Edmond
Male/Female	Male	Date of birth	22 May 1948

Contact address (include mobile number and e-mail):

Institut Pasteur
28 rue du Docteur Roux - 75724 Paris Cedex 15 – France
Tel.: 33 (0) 1.40.61.32.43; Fax: 33 (0) 1.40.61.36.96; mobile: 33 (0) 6.29.37.31.97
E-mail : jean.deregnacourt@pasteur.fr

Field(s) of expertise:

Research Development. Medicine registration. Support operations for innovation in biotechnology and health. Wide experience of international collaboration in English

Professional education: relevant important qualifications *Year*

Doctor of veterinary medicine
Certificate of Higher Studies in Pharmacology
Post doctoral, University of California at Los Angeles (UCLA)

Professional career: list current post first, followed by up to four most important positions held *Year* (start/end)

Director of Research applications and Industrial Relations, Institut Pasteur	2010
Delegate General, Medice Biocluster, Paris Région	2009-2010
Director of Biotechnologies, Ministry of Higher Education and Research	2003-2006
Chairman and Director of Research and Development, Pierre Fabre Laboratories	1998-2003
Vice-Chairman of International Chemical and Pharmaceutical Development, Rhône Poulenc Rorer (Aventis)	1994-1998

Contributions: Significant contribution to the field of research and development: financing and coordination

Significant contributions to three activities relating to financing and coordination of research and development:

- initiated appeal for the National Research Agency project on the emergence and development of high-potential projects;
- was a major contributor to the formation of the European Biotechnologies network EUROTRANSBIO
- was a partner in the Advanced Bioclusters for Europe network.

Vice-Chairman of the intergovernmental Franco-Chinese Committee on the development of traditional Chinese medicine

Publications: List five significant publications relevant to biomedical research and development: financing and coordination

NOMINATION FOR MEMBERSHIP OF THE CONSULTATIVE EXPERT WORKING GROUP
ON RESEARCH AND DEVELOPMENT: FINANCING AND COORDINATION

CURRICULUM VITAE

Member State making nomination: GERMANY

Family name SCHAEFER-PREUSS **First/Other names** Ursula

Male/Female Female **Date of birth** _____

Contact address (include mobile number and e-mail):

6 ADB Avenue, Mandaluyong City 1550,
